PROSEP SIGNS \$1.7 MILLION (U.S.) CONTRACT IN MALAYSIA - Continues to Build on South East Asia Successes

MONTREAL, QUEBEC – October 16, 2008 - ProSep Inc. (TSX: PRP), dedicated to providing process solutions to the oil and gas industry, announced today that it has been awarded a \$1.7 million (U.S.) contract to provide a Fuel Gas Conditioning Skid and Seal Gas Conditioning Skid to Powertium Engineering Sdn Bhd. The fuel gas and seal gas systems will be used in the Petronas Carigali's Dulang Field "Compressed Gas Capacity Enhancement Project" during off-shore production activities by Petronas Carigali Sdn Bhd, operators of the Dulang B oilfield located 130 kilometers off of peninsular Malaysia in the South China Sea. ProSep's technology will re-purpose the collected natural gas associated with the production well, ensuring that the reservoir pressure level is maintained as well as enhancing the recovery of oil.

"By offering multiple process solutions that uniquely address the production requirements of our customers and partnering with engineering firms that have a strong local presence, our strategy for the South East Asia market is delivering results," said Jacques L. Drouin, President and CEO of ProSep Inc. "We are expanding our customer base, strengthening our industry contacts and building our reputation in the region."

ProSep's fuel gas and seal gas systems will be delivered in collaboration with its local partner, Powertium Engineering Sdn Bhd. With this contract win, ProSep's current sales backlog totals approximately \$37 million (CDN).

About ProSep Inc.

ProSep Inc., formerly known as TORR Canada Inc., is dedicated to providing process solutions to the oil and gas industry. ProSep designs, develops, manufactures and commercializes technologies to separate oil, water and gas generated by oil and gas production. For more information, please visit www.prosepinc.com.
