TORR Canada Announces Results of Annual and Special Meeting

MONTREAL, QUEBEC – April 29, 2008 - TORR Canada Inc. (TSX: TOR) ("TCI" or the "Company"), dedicated to providing process solutions to the Oil and Gas industry, announces the results of its Annual and Special Meeting held earlier today. At the meeting, all matters put before the shareholders were approved, including the amendment of the Company's name to ProSep Inc. The Company also announced the appointment of Bruno Ducharme to TCI's Board of Directors. For further details, please see the management proxy circular available on www.sedar.com.

"Mr. Ducharme has extensive international experience dealing in several countries and on many capital markets and stock exchanges," said Jacques L. Drouin, President and CEO of TORR Canada. "His experience as a strategic advisor and investor to growing companies around the globe will be a valuable resource to us. We look forward to drawing on Mr. Ducharme's impressive experience as we continue to build our Company and expand our global reach."

Mr. Ducharme is currently Chairman and CEO of TIW Capital Partners, a management and strategic advisory firm specialized in telecommunications, media and technology. In 1994, Mr. Ducharme co-founded Telesystem International Wireless, a mobile communications company for which he was the CEO until 2005. Mr. Ducharme currently serves as a non-executive director to various companies in Europe and as an advisory board member to a Dubai-based Private Equity Fund. Mr. Ducharme holds an MBA and an MA from The Wharton School of the University of Pennsylvania and a Bachelor of Civil Law from McGill University. Mr. Ducharme was nominated Global Leader for Tomorrow by the World Economic Forum and Canadian Top 40 under 40. The appointment of Mr. Ducharme takes effect immediately and he is expected to stand for reappointment as a Director at the Company's next Annual Meeting.

About TORR Canada Inc.

TCI is dedicated to providing process solutions to the Oil and Gas industry. TCI designs, develops, manufactures and commercializes technologies to separate oil, water and gas generated by Oil and Gas production. TCI recently acquired Pure Group AS of Norway.
