TORR Canada Announces Appointment of New CEO

MONTREAL, QUEBEC – November 5, 2007 - TORR Canada Inc. (TSX: TOR) ("TCI"), dedicated to providing innovative process solutions to the Oil & Gas industry, today announced that Jacques L. Drouin, currently serving as Senior Vice-President and Chief Financial Officer, has been appointed President, Chief Executive Officer and Director of the Company effective immediately. Mr. Drouin replaces Alain Ferland, TCI's President and CEO since early 2003. Mr. Ferland has resigned as an Officer and Director of the Company and will assist Mr. Drouin until December 31, 2007 to ensure a seamless transition.

"On behalf of the Board of Directors, I would like to thank Alain Ferland for his contributions over the past five years. Mr. Ferland was instrumental in building the solid foundations on which TORR Canada now stands," said Anthony Rustin, Chairman of the Board. "Mr. Drouin's promotion was a natural step for TCI as we focus on growing the Company. He has demonstrated strong leadership capabilities and has developed important relationships within the financial community and with Oil & Gas players. We are confident in his ability to successfully guide TORR Canada through its next phase."

"I am thrilled to be assuming this new role," said Jacques L. Drouin. "By combining TORR and Pure Group's products, relationships and experienced human resources, we are in a better position to increase our sales, reach profitability and create shareholder value."

Mr. Drouin was formerly Vice President and Director of Deloitte & Touche Finance Canada Inc., where he undertook and managed numerous financing and merger & acquisition transactions for public as well as private companies. Prior to this, he worked as a corporate finance senior consultant at KPMG, and at Nesbitt Thomson (now BMO Nesbitt Burns) as a financial analyst in the investment-banking department. He holds a Bachelor of Commerce and a Master's Degree in Management Science, both specialized in finance.
