

Chemistry Lab Technician – Temporary Position

We are looking for a talented individual who is not just open to new ideas but want to bring a fresh perspective and energy to our work.

The Chem Laboratory Technician will be responsible for supporting the chemistry laboratory by following methodologies, performing analysis, and interpreting data from samples.

Potential responsibilities include:

- Analyzing samples for alkalinity, total dissolved solids, total suspended solids, and other inorganic analyses
- Follow the outlined methodologies and Standard Operating Procedures for the tests to which you have been assigned
- Learn to operate and maintain scientific instruments such as Gas and liquid chromatography systems, FT-IR, ICP-OES, and MP-AES.
- Document activities and report results in a concise and accurate manner
- Ensure cleanliness and maintenance of laboratory equipment and areas
- Assist in ordering and inventorying consumables, chemicals, and parts for instrumentation

Requirements:

- Bachelor of Science degree in Chemistry or Environmental Science
- 1-3 years of previous experience working in a chemical or environmental laboratory is preferred
- Knowledge of analytical method, instruments, general lab practices, and lab safety
- Exceptional time management and communication skills required

Pay:

\$25.00 - \$30.00 per hour depending on qualifications – Hourly position

Contract:

1099 required
6-month contract

Benefits:

No Benefits (Temporary/Contract Work)

Schedule:

Monday-Thursday 8 hr/day (32 hr/wk) 8am to 5pm (1 hour lunch)

Starting date:

May 1st, 2023
